Household Hazardous Waste Collection Events

Grant County sponsors Household Hazardous Waste Collection events two or three times each year. The May event is held in Moses Lake while the fall event is held in Ephrata. Budget permitting, a third event is held in October. To find out the scheduled dates and times call 509/754-6082. These events are free to Grant County households.

For more information about hazardous waste call Grant County Solid Waste at 509/754-6082.

Reduce Your Waste!

Recycling is great, but reducing waste in the first place is even better. Waste reduction saves disposal costs, protects our resources and saves landfill space at the landfill near Ephrata. Most of all, you can decrease how much you dispose of even with limited recycling opportunities in Grant County. The following are ideas on how to reduce your waste and make a difference:

- Choose items with the least amount of packaging or buy items in bulk quantities if you know you will use all of the product.
- Remove yourself from junk mail lists. Mail or fax the address label back to the company that sent the mail and ask to be removed from the mailing list. Don't fall for "free drawing" forms at stores or restaurants. They usually just want your address to send junk mail.
- Leave your grass clipping on your lawn instead of bagging them.
- Donate unwanted items to Goodwill or a local thrift shop. Have a yard sale or give to a friend or relative.
- Cut back on the number of subscriptions to newspapers and magazines. Instead, share subscriptions among family or friends.
